

Greetings!

Clayton County Public Schools' access to myON has changed. CCPS Department of Technology has provided the data needed for teacher and student access to the application. Please see instructions below in order to access myON.

1. Go to <https://clever.com/in/clayton>

NOTE: This is a new URL. *myON.com will no longer give teachers or students access.*

TEACHERS

2. Teachers' user names are their employee ID numbers. If your ID number only has 5 digits, you must put a zero in front of your employee ID number. For example, if your employee ID number is 54321, you must enter 054321. User names must be 6 digits.
3. Teachers' must use the default password upon initial log in. Please email Saralee Parker sparker@myon.com if you need the default password.

STUDENTS

2. Students' user names are their student ID number.
3. Students' passwords are their date of birth. For example, a student with a birthday of June 22, 2008, would have **6/22/2008** as their password. Students **MUST** use the " / " in their passwords. A student with the birthday of June 5, 2008, would have **6/5/2008** as a password – no EXTRA zeroes.

If any users require further assistance, please contact
myON support at 1-888-728-1266 OR
support@myON.com

Please do not submit T-tickets through the CCPS Support Center. All support inquiries should be made directly to the myON representative.
